ST ADMIT THAT IT HAS DONE  
WHAT NO OTHER MEDICINE  
EVER HAS.

421, Shorham-street, Sheffield,  
December 27.

—I have great pleasure in testifying to the value of Dr. Williams' Pink Pills for Pale People as a curative agency. I do not profess to be a doctor, but I have been a sufferer from the hackneyed statements so frequently made of commendation relative to advertising. I have not tried doctors without end, but I have been cured by the pills; but this I can say—half a century has been subject to a disorder of

tion, and this complaint has really faded away. I tried, and they were not a few—  
to effect permanent good. At the close  
of the first week, I was able to walk  
and stand with respect to many called special  
sympoms; but when you came to the by-  
products, I was not able to do so. I  
—strengthened the stomach and stimu-  
lated the system. I may add that the  
sleeplessness, — Yours truly,  
"W. H. SARGENT."  
"Effort was made."  
"Medical Hall, Boston,"  
January 8, 1889.  
The people constantly express their  
sympathy. There is a case of young man  
of Anglerly who has been suffering from stomach  
trouble for some time. He has consulted  
physicians of the day, but without avail-  
ing. He was daily getting worse, but at  
last he was cured by the use of the  
bottle, and the effect was marvellous; a  
improved, and now she is as strong as  
ever before.

(Signed) "H. LOOD-TOWN."  
"Newien Health Supply Store."  
"The people constantly express their  
sympathy. It is something that a sale is  
made. Sympy it keeps increasing. It  
is a permanent cure. It is a  
a day but someone is praising it. Several  
others say, had it not been for Seign's  
Store."

THE LIBERAL OF LOTHOUSE.

The chairman said the Liberal of Louthouse and Carlton had done much to return

one of the most cultured and one of the most

helpful Yorkshire members that there

has been in the House of Commons. (Loud applause.)

He then proceeded to speak of the political

education in the home, and very forcibly

urged parents to train their children to take

a lively interest in all questions affecting the

nation. Personally he had been trained in

this way, and at the age of twelve he had

"a passion for reforming the world."

He then said that while nearly

every young man knew something of football,

(which after all was but a semi-barbarous

game), and would go into ecstasies while in

conversation on the subject, yet there was

such a perfect ignorance of questions affecting

the nation and empire manifested by their

conduct and conversation in everyday life.

It had been said that the fruit of the seed

was in blood and tears by those who have

gone before, and the future of this great

nation depended on the action of the young

people of this day, therefore let them acquaint

themselves with the contents of the daily

papers, and learn to do their part in the

service of their country. He then said that

the Liberal candidate in the Morley Division

had been returned with a majority of 3,001.

Liberal candidate in the Morley Division

had been returned with a majority of 3,001.

He then said that the Liberal candidate in

the Morley Division had been returned with

but a grand old hero.

He had endeavored to make the working man's handiwork into

a glad song, (applause) and he would rather

than the most honorable title that the Queen

could confer upon him. (Applause.)

Mr. Nowell, in supporting the resolution,

thought the words on the top of the Bill

announcing the meeting were supererogatory.

On December 1st they did rejoice and were

glad to see the Liberal candidate in the

Morley Division returned with a majority of

3,001. He then said that the Liberal candidate

**TOWN TALK.**

THE popular rumour now is that the Radical  
Liberals are desirous of holding a tea and meeting  
in honour of the return of Mr. Benjamin Pickard  
at the present parliamentary election, but that they dare  
not do so for certain reasons which I cannot now describe  
in detail. It is said that certain mysterious persons  
have been in the office of the editors since

[illegible][illegible]

proposed by the Atlanta Infantry Co., which  
only justify the erection of a tablet upon the  
the line itself to be witnessed by an additional  
of records. It has at once occurred to me  
whereas that a station placed at Wakeland  
would be a vast convenience to everybody,  
and that the tablet itself, if placed at Wakeland  
would be easily worked, these seem to me  
the best and most feasible plan, and I am  
both for the advantage of the Co.'s workshop  
in return for the assistance rendered by our  
marrying out the alterations.

I am sure that neither Mr. Nowell or Mr. Torner would be put on if they have been deceived, for neither of these gentlemen have a place in this important sphere of affairs, in view of these things we may make up our minds to lose the county and government grants, and the road work. Hasn't Mr. Torner told us many times his notions of road making, and didn't Nowell write to the Editor expressly to state his views on the same subject, a week or two before the election, and yet they are completely ignored. Now I have a right to ask, what is the reason for this? This work. New brooms sweep clean, and I feel convinced that these two gentlemen would have kept the "muck" off the roads if no more. . . .

spere. What an awful thing it would have been if we had been obliged to wade through the back into the front of the crowd. Wouldn't it have been almost heart-breaking? Mr. Starkie?

TRAY Tell me that no less than four of the young men connected with the Rothwell Westeyans have recently been accepted as fully accredited members of the church. I am interested in the progress of the church. What an exhibition of white ties and parsonate there will be every Sunday morning now in the vicinity of Butcher Lane. Why it will be a solemn sight to behold them. What do they say about the advertisement in the Standard? I am sure it is an order for the supply of black coats, white ties, and hats, with a regular supply of sermon paper and sermons leaflets. It wouldn't be a bad idea, seeing the business is to be carried on in a large way.

## Keep Quiet a Few Days

This is what the good doctor and kind friends say  
 and again to those whose nerves are all  
 strung, worn out with labour and care, sleepless  
 nights, poor appetites, unable to digest the list-  
 ing they do eat, and general misbehaviour all over.  
 There is no doubt about the advice being good  
 but how many of the suffering thousands can keep  
 it? Not one in twenty! The clergyman who keeps

together a large congregation; and that that congregation is made up of men and women with their families to support, as well as the wife who presides over the rich man's household, and the mother who cannot afford a nurse, and is broken in by the selfish baby, must all go on, notwithstanding the advice to "Keep Quiet a Few Days."

What then are you to do? To go on seems certain death. And drop all cares you cannot let go. You must rest, but you must rest just before the storm. Will and determination have much to do with our existence. Never give up. Nature the hardest, at last abandons all things possible that do you harm. To find it, and it is impossible to find it, is the best good reliable medicine to help you out. You are a nervous and tonic; Popsopolin a cathartic and a regularizer; Popsopolin a cathartic and urinary organs.

These, properly combined with other ingredients have formed this famous medicine and given

**The "News" says:**

"Among the many specialties introduced to the public for the cure of dyspepsia, indigestion, and other ailments of the stomach, there is one of the most successful, with such genuine application as **Hop Bitters**. Introduced to this country by the comprehensive knowledge of the people, it has met a great demand for a pure, safe, and perfect family medicine, they have rapidly increased in favor and popularity, and it is now one of the most valuable medicines known. It is famous by reason of its inherent virtues. It does all that is claimed for it, and is a powerful agent in the treatment of the evil effects of other bitters or medicine, being perfectly safe and harmless. It is the weakest invalid to the smallest child, and the most delicate of the sex."

"Few are the homes indeed where the gross and filthy habit of drinking beer, and the consequent injury has not been known as a friend. It does what other affect to do. Composed of simple materials, it is

Nothing is wanting. Every ingredient goes straight to the mark as a job it is simple, and never fails. Pleasant to the palate, agreeable to the stomach and thoroughly effective as a cure, it has won itself the confidence of all.

"Hop I" stores are used in SIX of the large London Hospitals and a similar institutions throughout the world, and are the purest and best medicines made."

LOCAL ACCOUNT AT ROTHWELL HAIGH.

It is a pleasure to have the successful day of recording so

at an event as has occurred this week, and we are

glad that our district is comparatively so free from

pests of a sudden and serious nature. About one

hundred of the members of the Leeds Industrial Co-operative

Society, who were present at the meeting, and who

carried out most successfully, and has gained

themselves a good name, and is very popular,

not only among the members, but also with

the general public. The nature of the test has quite up to

the standard, and the large company who

gathered in for the test, and who were

last, all pronounced the test an excellent

one. Immediately after the test was over the

room was cleared of the tables, and arranged

for the public meeting, many strong and

hands assisting in the work, and specially

arranged for the appearance of the play

at the meeting, which was presided over by

Mr. J. W. Whitaker, one of the directors

of the Society, a very good number of friends

were assembled, and listened with interest

**ADVICE TO MOTHERS**—Are you broken in your rest by a sick child suffering with the pain of cutting teeth? Go at once to a chemist and get a bottle of **Mrs. Winslow's Soothing Syrup**. It will relieve the poor sufferer immediately. It is perfectly harmless and pleasant to taste, it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes "as bright as a button." It soothes the child,

We all of us know that indigestion is not solely due to eat too closely to work or have too much to eat, but is due to a whole range of other causes, and of prove important indeed. And as we grow older, the digestive organs round to one end, and are less able to use us. — **DR. J. E. Our mothers and our fathers have used it, and have recommended it for use in the nursery; but few of those who are now in the world have thought of so simple a means of complaint. Yet, if they had, Dr. Ridgely's Food is composed, and it is should be adapted in every part, and if they follow their mothers' Food, and their fathers' Food, and their common sense, they will not be surprised that the complaint is not been suggested to them they trust to it, their wonder is that anybody who is degraded and who does not take to and benefit by the Food.

To the Editor of the R

Dear Sir,

As I understand that the  
accepted the Board's offer of 25  
nothing on that subject, but I will  
relating to the Gas Co.,—have  
sumers, as much right as the Bo

even compiled the retableable total of 91 Joo Joo being head scorer with a plucky and useful fowl by Taylor with 22, Wedcombe 16, and G. L. 15. The Friendly Society then handed the prize, but to their much talked of betting powers that is to have deserted them, as they fell one after the other before the terrible trundling of Chwick and the other two, and the only trophy that was left. This would have been much less had the catches been held by the substitutes who fiddled on the 1st and 2nd side, as Hugh Harvey was let off twice

is not often we hear anything about our neighbours from Oulton in the cricket arena, but last year appears to have been a regular good day for us as they were only robbed of an easy victory by intervention of time. They travelled to Stanley, encountered Stanley Victoria, and going in first, put on 94 runs. Towards this total, H. Mason, contributed a well-played 23, being edged by Abbey with 14, Miffin 11, and Boothroyd

those men covered and stayed to last, but their own men were not. The men who were left were 16 runs for the loss of five wickets. G. M. Abbott is mostly responsible for this result, as he took 3 at a cost of 6 runs, a very good performance for the other two men were run out. The house did not show up particularly well against the local opponents at Altona on Saturday. Not that they didn't do well in the field; by no means, for they showed the redoubtable Capite men for the relatively small score of 40. Towards this total

contributed 10 and Cooper 11. Lofthouse assisted by Mosby and Tolson, of Whitford, and runner showed up very well in the bowling match, taking 4 wickets for 7 runs—a remarkably performance; Hollings also deserves credit for naming, capturing 3 wickets—two runs and 12 for 41—just prett fair bowling. On Loft-tackling the batting, no very large scores were Tolson leading with 11, and the lot were dis- of for 45 runs, or four runs to the bad. How- this much may be said for the visitors, they had

poor team there, several being "second elevens" one was absent altogether when he should have been to bat. The second elevens met at Lofthouse, the home team beat their opponents by four scoring 54 to Altofts 50.

Stranger engaged a team chosen from the district today last, whom they defeated by 50 to 40. Jordan went in first, and of their score, A. Nash scored for 19 (not just), and W. Lunn for 10. The district team had J. Stringer heading the list with 26. Ryb's 7/8.

morning, the committee of the Carlton Football Board held their first annual meeting. As the object of everything points to a successful undertaking, the members of the committee have acted wisely in including too many events, so that they will not be in a position to add more on another year, if such a thing should be thought necessary, for in my opinion, six events are quite plenty, giving them are good ones. There is one thing

to be clear that I would urge the Committee not to fight, of this, *punctuality*, a point which is really overlooked in second-rate Festivals, and was ignored very much at the recent Infirmary demonstration and *Miss Bothwell*. There is nothing better, and tends more to keep up the excitement and interest of the sports, than a strict adherence to time, as shown in the principal Anti-Festival seasons under the name of such a point.

There are five events due to-morrow, and there is every prospect of some good work, while

David said—*1st Psalm*, 8. & 4v. 156. 180—180 v. that it is only some saints can benefit, thus nullifying writers who allege that saints are ignorant of all they are doing, and so;—*2nd Psalm*, 11. 156. 180 v. will probably call the righteous will probably call the righteous of many, but the question is: Heaven to the righteous? them to this disorder has been put upon the names by the Committee, in the shape of what I formerly termed a "potato race," which consists of letters or other articles placed one yard apart, to be picked up separately. The entries are more numerous than really was anticipated, I should say, in the 130 yards open race alone numbering 49, but it only remains for a fine day to make the a grand success, so much so that the committee have enabled another year to renew the sports, on a

owner of cottage property, having been called to pay increased water rents and also several for repairs and improvements done for the rent of his tenants, decided to allow the cup of vice and cruelty to run over, so that others might

him to bear the weight of his innumerable  
bills. He therefore put on a bold face, and went  
to collect the rents, and inform his ne'er-content  
that he intended to charge them each two-  
per week more than they had been wont to pay,  
he privilege of living in his cottages. "Well  
as, I'm going to rise your rent," he said with a  
as he entered the first cottage.

approval, and must appear in the eyes of many poor readers supremely ridiculous; for instance, Mr. Turner, Mr. Parker, and others. Sir, the fact which I have already pointed out, I consider to be less than an insult to you as editor. Mr. Turner's conduct, as I understand it, is a gross insult to the committee, so I second Mr. Hargreaves at the conclusion of the debate. Is this correct? Could Mr. Turner have been carried in the same way as Mr. Hargreaves was—Mr. Samson was brought in by Mr. Turner and Mr. Parker, and was carried into the chair. It could have been done in the one case or the other; but I do not think Mr. Turner would be considered to such an act, as I am sure he is too much self-respect, and again, Mr. Turner is a member of his committee. The Committee says, was not nominated on any conditions whatever, my being present to give them. At the first meeting of his committee (Mr. Samson not being present) he was appointed.

the chair of the late School Board, at the second meeting of the Board, on the 10th inst. Mr. G. H. Smith, of the Grand Jury, was present, when the same subject was again brought up, and he was strongly urged by the committee not to decline the chairmanship. If he was nominated, there, no fraud had been committed, and although the subject was not taken up by the committee at that time, it was taken up at the next meeting, at which he was present, and he was elected in accordance with the wishes of the committee in accepting the office of chairman. For the second time, he has disappointed his friends, and the committee. He has been in the city for some time, and in about the same words, as I see from a copy of your report now lying before me of the first meeting of the School Board, thus proving unfaithful to the interests of the Wesleyan electors who have elected him, and to the Board of Christian Education. Mr. Agnew and his supporters, he did not know how efficiently to enlighten his own supporters he utterly refuses. In this he may be likened to a man who has been asked to give a lecture of an hour, and who, by this at the same time, refuses to pay his

respond and his remarkable letter, but I fear to trespass further on your space, and besides, to write in the language of adverse criticism on the conduct of adverse criticism on the conduct of any man is not pleasant to me, and especially not to one in the position of Mr. Seaton. The worst wish that I have for him, is that he would adopt wiser counsel, not only as a member of our School Board, but also as the foremost member and representative of our religious community; and may insert the above in your useful paper, in oblige.

Yours faithfully,
